

Healthy kids learn better. One key way to support children's health and learning is to ensure that your school district has a strong local wellness policy that supports healthy eating and physical activity for all students. Modeling healthy eating and physical activity in schools can set kids on a path for healthy lives.

Would you like to be part of **North Zulch ISD's Student Health Advisory Committee?** If so, please call the school office to find out how you can be a part of our SHAC team.
