

EXEMPTION POLICY

- Freshmen may be exempt from one core (Math, English, History or Science) semester exam.
- Sophomores may be exempt from two core semester exams.
- Juniors may exempt all but two core semester exams.
- Seniors may exempt all but one core semester exam. (Dual Credit exams may not be exempted, but can count for core).

To qualify for exemptions students with an average of:

- 90 or above are exempt with four or fewer absences
- 80-89 are exempt with three or fewer absences
- 75-79 are exempt with two or fewer absences.

Three tardies would constitute one absence for exemption purposes. Students absent on exam days would be required to take exams upon return to school, without exception. No exemptions would be allowed for any student placed in ISS during the current term or in DAEP for the year. Additional campus guidelines regarding the administration of final exam exemptions are available from the campus principal.
