

Book Club

The North Zulch Library sponsors a Junior-High and a High School Book Club. Students are invited to attend the Book Club meetings during their lunchtime which are held in the Library. During these meetings, the students discuss different ways to increase student activity in the library as well as review books they have recently read. Two of the meetings are held during the time the library is hosting the Scholastic Book Fairs. The members select books from the book fair they would like to see added to our collection. A “Books to Buy” suggestion folder is also available at every meeting for any new purchase request.

Two bulletin boards are being used for the Book Club members to post comments and reviews of their recently read books. One board is located in the story time/video room and the other is just outside the library in the elementary hall.

The rules and regulations of the Book Club have been made and enforced by the club members. The members that attend all of the meetings and have not received ISS are rewarded with a field trip towards the end of the year. The highlight of the trip is going to Barnes and Noble Book Store to select and purchase books for the library. During this shopping spree, we take two laptops and access our on-line card catalog to prevent duplicate purchases as well as connecting to other book review sources to determine if they are appropriate for our school library. These book club members also have the privilege of reading our newly purchased books prior to processing and putting the book on our shelves.

Book Club Schedule 2013-2014
